

## *Journey through the Universe* Educator Workshop Post-Assessment

Please help us to evaluate the Educator Workshop. Your responses will remain anonymous. Your name and e-mail are optional.

Name: \_\_\_\_\_

E-mail address: \_\_\_\_\_

Grade level: \_\_\_\_\_ Number of students taught per year: \_\_\_\_\_

1. I found this workshop to be: (check all that apply)

- |  |   |
|--|---|
| <input type="checkbox"/> Filled with practical knowledge | <input type="checkbox"/> Disappointing                      |
| <input type="checkbox"/> Filled with useful resources    | <input type="checkbox"/> Filled with too much information   |
| <input type="checkbox"/> At or above my expectations     | <input type="checkbox"/> Lacking in presenter quality       |
| <input type="checkbox"/> Good enough to recommend        | <input type="checkbox"/> Lacking in presentation material   |
| <input type="checkbox"/> Relevant to my curriculum       | <input type="checkbox"/> Lacking relevance to my curriculum |

2. Rate the efficacy of the presenter(s) to: (you can breakout responses by presenter if desired)

*4 = Very Effective; 1 = Not Effective*

Present a science content overview that provided a conceptual foundation for the lessons

4                  3                  2                  1

Model best teaching practices

4                  3                  2                  1

Present material in an understandable and grade-appropriate manner

4                  3                  2                  1

Present information in a dynamic and entertaining way

4                  3                  2                  1

Facilitate inquiry-based exploration by the audience

4                  3                  2                  1

**3. Rate the overall quality of the educational materials for which you received training regarding:**

*4 = Very Effective; 1 = Not Effective*

Their completeness in terms of **your ability to effectively teach these lessons in your classroom** (completeness regarding, e.g., inclusion of objectives, connections to standards and benchmarks, content overviews, lesson prep, lesson plan, interdisciplinary connections, assessment rubrics, student worksheets).

4                      3                      2                      1

The quality of their instructional design to facilitate effective and efficient management of the lessons in the classroom, including prep, warm-up, facilitation of activities, assessment of student performance, and extension activities.

4                      3                      2                      1

Their relevance to your curriculum

4                      3                      2                      1

Their relevance to the state standards

4                      3                      2                      1

Their ability to facilitate and support inquiry-based exploration in the classroom

4                      3                      2                      1
